DOCKING STATIONS AND VEHICLE MOUNTS

## Low Profile Console Box

The space-saving, low profile console box can be used in any fleet vehicle. It positions your communications equipment at a slight angle for easy control access and viewing. Designed to work with remote head technology, the low box eliminates wasted space in the vehicle's cabin. Other important features include:

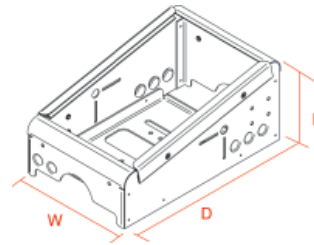

- Heavy gauge steel construction with rounded edges for sleek appearance and added safety
- May be mounted towards the dash of any vehicle creating added space between the seats for other equipment.
- Low profile design sits flush or slightly below the seats allowing ample space for an emergency passenger side exit if needed.
- The enclosed design enables communication equipment to be stored securely and safely.
- Pre-drilled holes for *computer mounting bracket* (Item No. MCS-COMBRKT) and task light for added versatility.

Additional comfort items like our dual cup-holder, flip-up padded armrest, task light and other accessories can also be purchased.

Placement	Seat Configurations	Drilling Required	Faceplates Included	Filler Panels included	Number of Radios	Weight	Height	Width	Depth
Any MCS Top Plate (Item No. 7160-0086 or 7160-0085)	Bucket	No	Yes	Yes	4 to 5 (12" of control head mounting space)	12 lbs	4.0" (low end) to 6.0" (high end)	9.0"	11.0

### Features

- Heavy gauge steel construction for long-term durability
- Black powdercoat finish for maximum corrosion resistance
- Mounts to Dodge factory top plate, Gamber-Johnson MCS Top Plates and most competitive top plates
- 11 knock out panels for cigarette adapters
- Large cutout holes in bottom and on both sides for wiring access
